What are the differences between the Base and Upgraded packages?

The Basic DJ package is your typical 5-11pm Reception timeline coverage. Speakers, Dance floor lights, and Microphones. If you don't need ceremony coverage and are just looking for a solid DJ to play music for your guests without any extra bells and whistles, this package is perfect for you. We will pick your DJ based on availability and who would be a good match for your event.

The Upgraded package Includes Ceremony sound coverage, and the ability to choose any of our wonderful DJs. If you have no preference, We will choose from our top Deluxe DJs for a improved wedding DJ experience. Deluxe DJs are our top talent and have more weddings under their belts than our Base DJs.
